

Changes made in Town Center plan

By Walt Orvis

Next Tuesday night could be "do-or-die" night for downtown Upland, when public hearing is conducted by City Council on the Town Center Project, but some changes have been made in the plan and others may be made, including the possible addition of a parking lot.

City Council took action Tuesday night on the recommendation of the City's Re-

vitalization Committee representative, Councilman Zella Stone.

One of the recommendations was deletion of some of the more frilly beautification aspects of the Proposed special assessment district. Paving of alleys and other such necessary things will be done, but some fancier beautification items were deleted.

Mrs. Stone said the dele-

tion was recommended to bring assessments down more nearly in line with original estimates.

The City might add another parking lot. Manager Elwin Alder explained that the traffic circulation pattern around the perimeter of the project would throw a lot of traffic onto A St. but there was no direct access to parking on A St. in the Town Center plan.

He said that the owner of

a lot with an old hotel on the north side of A, West of Second Ave., was willing to sell it to the city, or lease it for five years with an option to buy.

He did not identify the owner, who is Earl Banner. Council directed Alder to negotiate with Banner prior to the public hearing Tuesday to get the matter settled well enough ahead of time so it could be considered by property owners

at the hearing.

The City, not the parking district would handle that parking lot, because the Parking District had already sold its bonds to Taylor and Co., on a bid of \$240,708.16 with a 5.7955% interest rate, which also happened Tuesday evening. Two other bids were received.

The Parking District will award contract on construction of its parking lots at the Dec. 5 Council meeting,

meaning work won't start for 25 days, after the Christmas holidays.

Another possible change is a proposal advanced by Alder, and agreed to by Council, that a method be worked out whereby everyone paying into the parking district would get some relief from the off-street parking requirements, proportionate to the amount paid into the district.

City Council adjourned its regular meeting Tuesday night to 7 p.m., next Tuesday, to hold the public hearing, where the future of the downtown area will be decided.

For more than a year there have been meetings on what to do to meet the threat of Montclair Plaza, the regional shopping center under construction in Montclair, at Central and Moreno (7th St.).

A revitalization committee was appointed on the suggestion of the Chamber of Commerce in May, 1966, and the City has been studying the situation.

Result has been the proposal that Second Ave. from A to C and Ninth St. from First Ave. to Third Ave., be converted to a mall-type shopping center, but retaining parking.

By moving the parking to the center of the streets, and landscaping the edges, putting in new curbs and fixing up sidewalks, that objective was accomplished, on paper.

Whether it will be accomplished in fact on the streets depends on the hearing next Tuesday.

A 51% protest that is legal could kill the idea of forming the special assessment district for one year. In the meantime, shoppers would get into the habit of driving to the big Montclair center instead of to the Upland Town Center, argue those in favor of the change.

They say that now is the time to act, unless empty stores begin to give the downtown area a "ghost-town" appearance.

It can be documented, one man bought a business in Upland because of the proposed beautification project, John Meyer of Modern Decorators.

Another, who has not given permission to use his name, is waiting the outcome of the hearing next Tuesday to determine if he stays, or leaves an empty building behind as he moves to Redlands.

The idea of the beautification project doesn't seem

to generate as much argument against it as the cost of it.

Included in the project are business buildings south of Ninth St., where owners and business men in the past have felt that they were left out of the planning, but they generally admit that they haven't been this time.

However, some of them are questioning, if not outright objecting to the cost of the project.

Quite a number of the business buildings in Upland are paid for and some of the landlords have said that they are satisfied with the few hundred dollars they collect monthly in rent for their properties.

But the proponents of the Town Center Beautification project are quick to point out that if the Montclair regional center draws the trade away, while Upland businessmen and property owners sit on their hands, a lot of those businessmen won't be paying rent, they'll be closing out, and the buildings will sit empty.

Any alternatives? One has been mentioned, but it's not very popular with anyone--urban renewal, which means

Supreme Court rules Railroad spur valid referendum subject

There can be a referendum on that controversial railroad spur franchise that was granted by City Council near Foothill Knolls, the California Supreme Court has ruled unanimously.

What the Court did was state in no uncertain terms that granting a franchise is a legislative act and therefore subject to a referendum, a vote of the people to ratify or nullify Council action.

Now it is up to City Council to either repeal the franchise ordinance, or set an election, a special one or at the councilmanic election next April.

The supreme court overturned superior court and court of appeals, and went contrary to the League of California Cities' thinking.

Civic Center awards made

Earl T. Casler, low bidder, was awarded contract for construction of the Library and Fire Headquarters Station in the Civic Center Tuesday night.

His low total bid for the first two new buildings of the Civic Center was \$736,273, almost \$20,000 below the next bidder.

Bonds to pay for the construction were sold Tuesday night also by the Civic Center Authority. Goldman Sachs submitted the best bid of \$1,242,206, with an interest rate of 5.4316%, to beat out two other bidders.

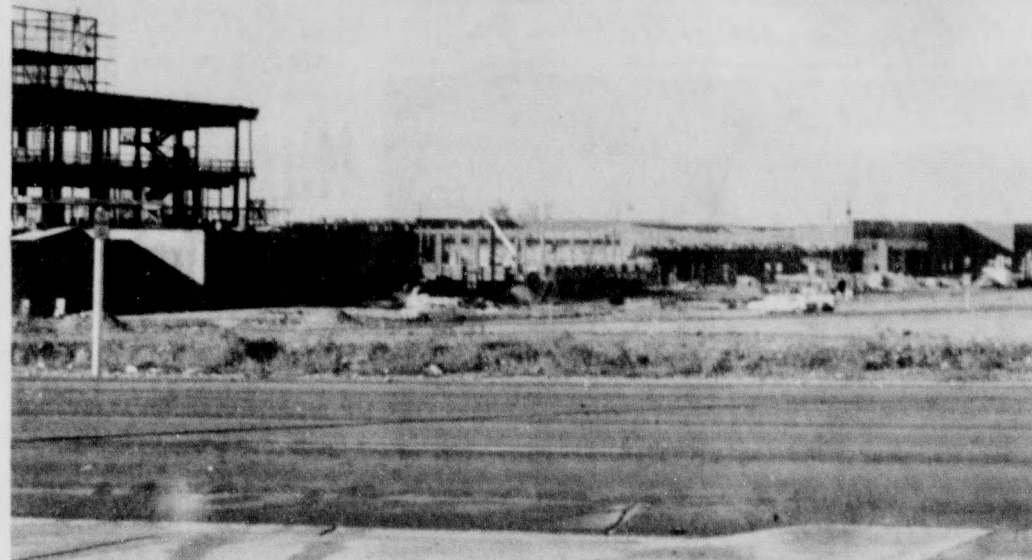

It rained

That shower (storm?) that blew through here left Upland with 4.02 of an inch of precipitation.

That brought the season total to 4.26, compared with exactly half that much one year ago, 2.13.

School Holidays

The Upland Schools will observe Thursday, Nov. 24., and Friday, Nov. 25., as Thanksgiving Holidays. Classes will resume on Monday, Nov. 27.

NO MIRAGE--that's Montclair Plaza, a threat to every Upland retail business, and prime reason why now is considered the time for something to be done to revitalize the Upland Town Center. That's Broadway on the left, the mall stretching off into the distance, and hidden behind the far end of the mall, which will be over 300 yards (three blocks) long, is the May Co. building, which, because of its design is deceptive. It matches the floor area of the Broadway building almost exactly. One is 155,000 square feet, the other 150,000. The mall is bigger, and on the far side of it, will be the J.C. Penney's 180,000 square-foot building. Opening date is August, 1968.

Fireballs continue pace

Upland Chamber of Commerce "Fireball 12" have brought in \$2,200 in dues to the Chamber so far this fall, \$612.50 during the month ending Nov. 15.

Top salesman for the month was Don Miotke, whose team won the monthly competition.

He captained the winning team, but the second high salesman was captain of the opposition, Ted Lyman, with \$112.50.

Miotke's team total was \$400 and Lyman's team produced \$212.50.

The same teams will meet to compare notes in mid-December.

During the month ended Nov. 15, 13 names were added to the Chamber roster: Arrow Food Lockers, Glenn A. Baker, DDS, Kapu Kai, KSOM, Cask and Cleaver, Fitzsimmons Mobil Service, College Cleaners, Al's Enco Service, C.S. Hartig Plumbing, Gourmet Liquors, Baker Personnel Agency, Baker's Dozen Donuts, and Ideal Cleaners.

KING CROWNS KING--Ted Lyman, left, top salesman for the year, and next to the top for the month, on the Upland Chamber of Commerce "Fireball 12" crowns top salesman for the month, and the captain of the team who beat out Lyman's team, Don Miotke. Enjoying the sight are Clint Thompson, and at right Dewey Cable, who are second and third high for year, and who tied for third place for month ending Nov. 15.

Want values? see back page

Check the back page of this section--it's the one this week with money-saving coupons at Upland merchants -- and more and more prizes.

Grand prize is that color television, but other merchants are adding more prizes to the list, so it pays to check every week, and it pays to take advantage of the values offered.

Subdivision park donation idea referred to committee

If Upland ever adopts an ordinance demanding either park fees or park land dedication from developers, it won't be this month, nor probably very soon.

Council Tuesday night discussed the idea, and then sent it to committee, to the Parks and Recreation Committee basically, but with direction from Council to invite real estate people and developers to take part in discussions and planning.

A proposed ordinance presented by the administrative staff would have set a fee for smaller tracts, and a fee or dedication, at the option of the City, for tracts larger than 50 acres, depending on the size of the tract.

Deed set against it, calling it "morally wrong" was Mayor James Christensen. He came out stronger against the idea than any of the real estate or development people present.

The vote to send the matter to committee, for a recommendation after the first of the year, was adopted by roll call vote, with Christensen casting a lone negative.

Super slide PC item

A "super slide" on the northwest corner of Grove and Foothill, plus more ordinary use permits, variances, parcel maps and two tract maps are on the agenda of the Upland Planning Commission, which will meet Wednesday at 7:30 instead of Thursday, for obvious reasons.

First matter on the 11-item agenda is a hearing on a general plan amendment on land use, streets and school and recreation designations at certain areas throughout the city.

Cable cries 'fore' on golf course

Determined Dewey Cable of the airport that bears his name, told City Council Tuesday night that he is going to "put the land together" for development of a golf course adjacent to the airport.

That is what the City hoped to do with the aid of federal funds, which the city has not received.

Cable said he was on his way, and was going to accomplish the job without the city or the federal government.

The project involves some 140 acres that would protect the airport from encroachment by incompatible residential development, a factor in killing most of the private airports in the Los Angeles area.

BIG CROWD, but that Continental 320-C was equal to the task. It carried 165 Cub Scouts of Pack 607 and Boy Scouts of Troop 608, adult scouters and families on a scenic flight over Southern California, from Ontario to Palm Springs, San Diego, and Los Angeles. It was an excited bunch who lined up for picture taking prior to the flight. The 328,000 pound, 153-foot giant jet, is largest current Boeing plane, type used by Continental on contract flights to Viet Nam. Flight was arranged by Scoutmaster Dr. Alan Bond and Cubmasters Dick Beeman and Bill Bottin.

BACK TO EARTH--Cubs, Scouts and families disembark after flight in which they saw Southern California from the air. "Proud day for Pack 607 and Troop 608 was Saturday. After flight the boys were given kits of information, junior pilot's wings and balloons.

ALHS observer calls Open House a success

The Alta Loma High School "Open House" program began this year like any other back-to-school night of any other year, but it didn't take long for even the most inexperienced observer to note that something was different this night.

At 7:30 p.m. sharp, Principal, Burton Wiley, stepped from behind the stage curtain to issue his well-practiced words of welcome, expecting to find the usual sprinkling of faithful parents, not this night--for, before him sat more than seven hundred, as yet unimpressed, parents, guests, and children of all ages.

From this point on, a masterfully planned fifteen-minute program of official welcomes by A.S.B. President, Dennis Bentley and P.T.A. President, Mrs. J. W. Masera, coupled with the 190 membership band bursting through the back doors and down the aisles of the auditorium, gave the audience their first inkling of what was in store for them.

By the time the microphone had been turned back

Mr. Wiley, Merv Corner's Band, Barbara Ford's Banner Girls, and Sue Buzzell's Arrows Drill Team had brought cheers to the spines of everyone present and they were ready for more.

With a wave of the hand, Mr. Wiley sent the now eager crowd descending upon the sixty-four faculty members who were waiting apprehensively in their classrooms for the onslaught.

Like bees out of a hive, oldsters, youngsters, and those in between spread to every corner of the forty-acre campus with a spring in their step and smiles on their faces. In an instant the presence of visitors in classrooms simultaneously triggered explanations, films, demonstrations, and performances.

As one progressed from room to room observing the "observers", one could sense the spirit of the evening. It was a good feeling--a feeling of pride--a feeling of understanding--complete communication was everywhere!

It was 10:00 p.m. when the last straggler left the cafeteria with the taste of P.T.A. prepared refreshments on his lips. Left behind were a small group of P.T.A. workers and an unbelieving Mr. Wiley. The smile on the face of Mrs. Arbezzi, P.T.A. Membership Chairman, was broken only long enough for her to relate that membership now totaled 390, almost double that of a year ago.

It was apparent that Mr. Wiley would sleep well this night, in full knowledge of the fact that the evening had been a success--a success brought about through the combined efforts of students, faculty, and staff.

DEMONSTRATION -- Alta Loma High School seniors Lucene Lundy (left) and Jeri Judd (right) demonstrate the theory behind the "ripple tank" to visitor, Howard Bentley, (extreme right). Students and teachers combined efforts at the recent "Open House" to provide a highly successful evening.

Sigma Omega Unit Parliamentarians slate activities

Guests attending the regular meeting of the recently chartered California Sigma Omega Unit of the National Association of Parliamentarians were Mrs. Lena Doran of the Ontario BPW Club and Mrs. Helen Sugar of Ontario American Legion Auxiliary.

A report of the district meeting held in Los Angeles was read by Mrs. Warren which informed the members of a special meeting being held in the community room of the Colton Chamber of Commerce, 620 North 8th Street, Colton on Nov. 26, beginning at 1:30 p.m.

This meeting will be conducted by Mrs. Jerry Burns

of Covina. 2nd vice president of the California State Association of Parliamentarians. Reservations must be sent to Mrs. W.P. Symons, 1212 Esperanza, San Bernardino, 92410 Phone 884-7585.

Following a 2-hour study session the meeting closed with a surprise birthday party for Mrs. Warren, which was hosted by members of Ontario BPW Club.

Others attending the meeting not previously mentioned were: Mmes. Joseph Shanklin, Alma Kinnett, Esther Ladwig, Robert Conway, Rubie Rowland, John L. Sugar, and Arthur Novelli.

Eight hour law for women is adopted

On Nov. 8, California's revised Eight Hour Law for women went into effect.

Although the full extent of the coverage of the new law has not been determined beyond its application to those firms listed in the old law, such as manufacturing, the intent of the author of the new law, as expressed by Assemblyman Moretti, is that women employed in all firms covered by the Fair Labor Standards Act, who because of the Federal measure are paid time and one-half the regular rate of pay for time worked beyond 40

hours or after 44 hours in one week, can work as much as 10 hours in one day and 58 hours in one week. Under the new State law, time and one-half must be paid after eight hours in one day as well as after 40 hours in one week.

Because of the complexities of the new Eight Hour Law, questions on its application should be referred to the administrative office of the Division of Industrial Welfare, Department of Industrial Relations located at 455 Golden Gate Ave., San Francisco.

Supervisors vs. CBWCD

A special election may be necessary to satisfy legal requirements for the filling of four vacant director posts on the Chino Basin Water Conservation District, it was learned recently.

The self-governed special district, already under fire from one county supervisor over high-rising cash balances and budgets failed to request official appointment of directors when required a month ago.

Under law regulating the West End Public Agency, elections may be waived if candidates for board seats are unopposed. However, the district must request the Board of Supervisors to formally appoint the unopposed nominees to office.

No Candidates? According to a legal advertisement placed by CBWCD secretary-manager Robert S. Walline, and published last Sept. 12, the four positions either had no candidates or insufficient candidates.

To avoid facing open election Nov. 7, the district was required to submit names of the unopposed candidates to supervisors by Oct. 6 for appointment. This was not done, according to county officials, nor was any communication on the matter received until Thursday.

At that time, Deputy County Counsel Donald Egan received a telephone call from

CBWCD legal counsel, E.A. Demchuk, who indicated a resolution would be presented today asking the director appointments.

Egan said he would study the legal aspects of the Board of Supervisors making the appointments after the regular election date and report to supervisors at their regular Monday meeting.

In a letter to Walline this week, Supervisor Ruben Ayala raised the question of appointments when he asked why the district had not notified the board of the resignation of Philo Blane last

April. Ayala was unaware at the time that four of the seven directors' terms had expired. Also, the supervisor posed to Walline the possibility of a conflict of interest because Walline is secretary-manager of the CBWCD and a board member of the Chino Basin Municipal Water District.

Demchuk said today that a letter, along with the district board resolution and list of directors for appointment, has been delivered to the County Counsel's office. "Properly Adopted"

"The resolution was properly adopted by the water conservation district on Oct. 4, however, it just got bogged down in our office. I don't believe it will be necessary to hold a special election -- this still seems to be within the administrative function of the supervisors."

Walline said that directors, who have been nominated for reappointment upon expiration of terms Nov. 7, include Harold Musser, Paul Hofer and Thomas Linn. The directorship held by Lewis Aukerman has attracted no nominations.

CBMWD votes to file suit on water feeder

Directors of Chino Basin Municipal Water District voted Thursday to definitely bring suit to force Metropolitan Water District to build the feeder system that will bring water to the West End.

Chief Counsel Donald D. Stark took part in the lengthy discussion prior to the affirmative vote on filing suit. It will try to compel MWD to back off from a decision made weeks ago to eliminate "Rialto Reach" from the Foothill Feeder system. It was designed to bring Feather River water to this area.

"There was no discussion of withdrawing from the MWD," according to Richard

Hall, general manager of CBMWD.

"Before the suit is filed with the court, the attorneys do not want to divulge the direction the suit will take to protect the rights and interest of basin voters in the State Water Project," he said.

"The attorneys did discuss with the board all the pros and cons possible in such a suit," he added.

The \$40 million pipeline, which MWD directors voted not to build in the foreseeable future, would have run from the California aqueduct near San Bernardino through the Chino Basin district to La Verne.

Instead, the MWD decided to build a \$240 million tunnel interspersed pipeline from La Verne west to the Los Angeles area, with completion scheduled for 1975.

"When our voters supported the \$850 million MWD bond issue in 1966, we were told part of it was for Rialto Reach," said Ray Ferguson, a director of both the CBMWD and MWD.

The Rialto Reach would have tied in with the East Branch of the California aqueduct, which will bring northern California water to the San Bernardino Valley in 1972.

a long, drawn-out process, a major upheaval.

How much trade will the Montclair Center take away? No one seems to be able to answer that one, but it will make an impression.

Baker Personnel opens doors at 414 N. 2nd

Baker Personnel Agency of Pomona, owned and operated by Frank Balensiefer of Alta Loma has opened a second office in Upland.

The business was founded in Covina in 1959 and moved to Pomona in 1965. The Pomona office will still operate at the present location at 2040 N. Towne Ave. and the new Upland operation is located at 414 N. Second Ave.

Balensiefer is a graduate of Colorado College and has been in personnel management and agency work for 18 years.

Congressional line drawn between two cities

At press time Tuesday it looked as if Montclair would be split off from Jerry Pettis' 33rd congressional district and given to Glen Lipscomb's 24th, but Upland would remain in the 33rd.

The State Senate voted the split and it was due to hit the floor of the Assembly late Tuesday, where passage was considered a foregone conclusion.

Reapportionment on the "one-man, one-vote" dictate of the U.S. Supreme Court, was ordered by the State Supreme Court by Dec. 7.

ALHS Braves earn CIF playoff berth; Upland misses

Braves bash Bassett

Ganesha frustrates Scots

Alta Loma Braves finished their finest regular season of football Friday night as they blanked Bassett 34-0, to complete the 1967 campaign with only one Hacienda League loss to Royal Oak, who won the championship undefeated.

The Braves ran all over hapless Bassett, scoring in every period (twice in the third quarter).

Star quarterback Rocky Long outdid himself, carry-

ing the pigskin for more than 200 yards, first man in AL history to break that barrier. He was credited with 246 yards altogether on the ground.

As a team the Braves rolled up 421 yards of real estate, memorable in any league. Aerials were given a secondary role, with only 13 tries, four completions for 63 yards.

Long gambled for a 60-yard touchdown effort, and

one for 45 yards, thanks to the blocking of Richard Leyva, Dan MacIntosh and Shawn Blakeman, in particular.

He wasn't the only ball carrier, though. Bob Williams lugged the leather 11 times for 62 yards, and Steve Williams added 81 on 10 rushes.

Reuben Romo, Tom Fowlkes and Steve Williams showed up in the scoring column along with Long.

Braves play Friday

Alta Loma High was voted a place in the CIF AA playoffs Sunday, and will play the first post-season game at Victor Valley High, in Victorville, Friday night.

Alta Loma's second place in the Hacienda League (6-1) plus the Braves' record overall (8-1) earned ALHS the playoff berth.

Those two pre-league successes were over two AAA teams, Upland and Montclair of the San Antonio League.

Royal Oak, only team to beat the Braves this year (14-0) will meet Brawley, Imperial League co-champion in the first round, meaning Alta Loma might get another crack at Royal Oak in the playoffs.

Upland's hopes for a share of the San Antonio League title and a CIF playoff berth

as a co-champion were trampled under the feet of the Ganesha Giants, 19-9 Friday night.

A standing room only crowd saw Upland's Highlanders come out on the low end of the score, their offense effectively bottled up by the Giant defense.

Ganesha held Upland to its lowest ground yardage of the year, a net 34, while

the Giants racked up 276 on the ground and passed for 53 yards against 51 for Upland.

Ganesha rolled to a 13-0 lead before Steve Quinn galloped over 72 yards of real estate to return the Giant kickoff to the Ganesha 10, and Quarterback Vance Willison capped it off plunging

from the one on the initial play of the second quarter.

Mike Bivens scooped up a Giant fumble midfield and passing advanced the ball to the Giant 25. Willison threw a 12-yarder to Quinn and to Dale Magruder for 13.

Then came a 22-yard loss and the Highlander threat was wiped out. The half ended 13-7.

That became 13-9 in the third on a Frank Williams tackle in the end zone for a two-point safety.

Bivens stole a Giant aerial and packed it to the Ganesha 45 on a 24-yard run, but the Scots got only to the 23 on that drive.

In the fourth quarter, it was again all Ganesha. Upland received a punt, and had only four other offensive plays in the final stanza.

Although the win earned Ganesha half the SAL title (with Pomona), they failed to get a berth in the CIF playoffs.

Upland was tied with Claremont for second place in the loop with 5-2 records.

Friday night's game was the finale for no less than 15 of the Highlanders, who will graduate in June.

Sixteen teams will be competing in the annual event representing schools from throughout the Pomona Valley, with a pre-tournament banquet scheduled for 6:30 p.m. Tuesday at Griswold's in Claremont. Attending the function were coaches and officials representing the participants, at which the pairings of the teams will be announced.

Teams competing in the event include the following: Montclair, Upland, Pomona, Bonita, Claremont, Garey, Ganesha, Gladstone, Eisenhower, Alta Loma, Azusa, Charter Oak, Corona, Duarte, Damien, and Northfield.

About 20 million of the nation's 50 million school children participate in the National School Lunch Program.

Calendars sell for fifty cents and throughout the Council some 23,000 Brownies, Juniors, Cadettes, and Seniors from more than 800 troops will contact family, friends and others in their communities.

Proceeds from the sale assist individual troops in financing many of the annual activities.

Scout, Cub themes revealed

Cub Scouts in this area will be thinking of others in December with goodwill projects as part of their "Do Your Best" program theme, and Boy Scouts will be learning how to be comfortable in the outdoors with a "Cool Campin'" highlight to demonstrate how they select wintertime personal equipment, clothing, shelter, and high-energy-foods menus.

Jesse Shaner, Scout commissioner of the Old Baldy Council, Boy Scouts of America, explained that "Do Your Best" is the Cub Scout motto. "This is one of the most challenging and worthwhile pieces of idealism that has ever been incorporated in any program," he said.

The monthly meetings of the 96 Cub Scout packs in the Old Baldy Council will celebrate Christmas or Hanukkah and will climax a month of service projects which will include caroling in hospitals, adopting needy families, visiting shut-ins, collecting toys, and offering special programs for their sponsoring institutions.

Shaner pointed out that the Boy Scout motto is "Be Prepared," and that planning for an outdoor campout in December helps boys learn self-reliance, self-dependence, and resourcefulness.

In addition to the regular winter camping skills, the Boy Scouts will also learn improvised emergency tactics and winter camp and trail safety rules, Shaner said.

Scouts eye new badge options

"Keeping up-to-date" is one of the aims of the Boy Scouts of America, and the latest list of requirements for Boy Scout merit badges shows that ten are new or revised.

Robert Berryman, advancement committee chairman for the Old Baldy Council, Boy Scouts of America, said that there are now 111 merit badges covering vocational and hobby subjects from Agriculture and American Business, to World Brotherhood and Zoology.

Up-to-date merit badges include Landscape Architecture, which replaces Landscaping; Theater, replacing Dramatics; and American Business, replacing Business.

Revised or realigned requirements are newly offered to Boy Scouts for the subjects of Aviation, Cooking, Firemanship, Personal Fitness, and Soil and Water Conservation.

Newest merit badges offered to Scouts this year are Computers and Engineering.

The most popular merit badges still reflect Scouting skills. Berryman said. The top three are Swimming, Cooking, and First Aid. Nationally, in a year's time, more than 1,600,000 merit badges are earned by Boy Scouts.

Berryman explained that all of the merit badges are available to Boy Scouts who have earned the Second Class rank, although 12 of the merit badges require completion of certain First Class tests in similar subjects.

Bruce Yarnell

West End Symphony concert to feature Bruce Yarnell

Versatile entertainer Bruce Yarnell will be the featured artist at the West End Symphony Orchestra concert to be given Friday, Dec. 1 at 8:15 p.m. in the auditorium of the new Ontario High School on West Francis St. at Palmetto Avenue.

The towering 6-foot-4 star of the musical stage, television and motion pictures will sing arias from the operas Carmen, Falstaff and Tannhauser, as well as the memorable "Soliloquy" from the musical, Carousel.

A baritone, Yarnell has just completed a three months tour with the American National Opera Company. After Christmas he is scheduled to play the role of Little John in the filming of an NBC special, "Robin Hood".

Last year he appeared with Ethel Merman in a revival

of the Irving Berlin musical, "Annie Get Your Gun".

Yarnell will be appearing here for the second time within two years -- he sang with the orchestra in November of 1965, while Herbert Welskopf was still conductor. He also was featured in the following Children's concert. His forthcoming performance was arranged by the orchestra's present leader, Robert Cole.

The spotlight will be on the orchestra in the presentation of the "Reformation Symphony" by Felix Mendelssohn, the Prelude to Act 3 of "Lohengrin" by Wagner, and "Fantasia on Green-sleeves" by R. Vaughan Williams.

Ticket sources will include the mutual ticket agency at Butler's Department Store, Ontario, and Kester's Gift Shop at 296 N. Second Avenue, Upland.

Mikesell strongly urges Accountants set regional airport view annual seminar

"Recent developments in the Valley demonstrate that a rational and regional approach to airport and air space planning cannot be expected if separate local jurisdictions pursue their individual, personal and private objectives," said Board of Supervisors Chairman, Daniel D. Mikesell.

"This Valley is in a critical geographic location and today is at a critical point in time in relation not only to our own air transportation needs, but in relation to air transportation needs of the Southern California region."

"I believe it is essential

that the County take the lead in bringing about the necessary studies which will assure the best, the most efficient, and the safest air transportation service in the interests of all of our citizens, regardless of political jurisdiction."

Mikesell also stated, "Toward this end, I will recommend that the Board of Supervisors make a formal request to F.A.A. for an air space study of the total Valley area of San Bernardino County and pledge the assistance of the good offices of this County in the performance of that study."

The California Citrus Belt Chapter, 70 of the American Society of Women Accountants will present its annual seminar on Saturday, Dec. 2, at the Holiday Inn, San Bernardino. This will be an all day session and the subject will be "What We Should Know About Real Estate".

There will be a number of speakers, each of whom is outstanding in his field. Among these are: Ray Fisher, assistant district right of way agent with the California State Division of Highways in San Bernardino; his topic, "Acquisition and Condemnation of Real Estate by a

Governmental Agency"; Roland Crabtree, C.P.S., his topic "Accountant's Look at Real Estate as an Investment"; and Lou Gendron, finance officer, Santa Fe Federal Savings and Loan, San Bernardino, speaking on "Real Estate Financing."

The program will be held from 9 a.m. to 4 p.m. with luncheon included in the day's activities. For reservations call Amy Lewis, chairman education committee, days at TU 98511, evenings and week ends at TU 31943. Reservations should be in by Monday, Nov. 27.

Moving into the last month of their annual fall roundup, officials of the Old Baldy Council, Boy Scouts of America, predict that the Pomona Valley-Fontana area of the council will reach a new membership high by the end of the year.

Council President, William Toothaker, said, "The fine work of our volunteer leaders is going to pay off during our fall roundup, and we expect to add 1394 new Cub Scouts, Boy Scouts, and Explorers for a total of 10,000 boy members."

Toothaker explained, "It isn't the number that's so important but the fact that our Scout council is making Scouting available to even more boys through community institutions that use Scouting as part of their youth program."

Many of the new Scouts will be joining Cub Scout packs, Boy Scout troops, and Explorer posts which are now being organized by members of the council's organization and extension committee, Toothaker said.

Setting back miles now against law

Tampering with an automobile speedometer (odometer) "with intent to defraud" has always been unethical. Now it is also illegal, according to Harold Sullivan, Commissioner of the California Highway Patrol and Verne Orr, Director of the State Department of Motor Vehicles.

A new California law makes it unlawful for any person to disconnect, turn back or reset a motor vehicle odometer with intent to reduce the number of miles shown, or to operate such a vehicle knowing the odometer to be nonfunctional, with deception as a

motive. "Misdemeanor penalties apply," Sullivan said, "if a person falsifies his car's odometer reading before showing it to a dealer or other purchaser, or a dealer shows such a car to a prospective customer."

"DMV's compliance agents have authority to investigate complaints of such tampering," Orr added. The law also prohibits the use or sale of any device which could be employed to make an odometer register any mileage other than the true mileage driven.

Boys who want to be Scouts will be able to join one of these Scout units, Toothaker said, or can get information about other Scout units by calling the Scout Service Center, 120 W. San Jose, Claremont.

All of the Scout units in the Old Baldy Council will hold investiture ceremonies in December, Toothaker said.

Small consolation

Southern California victims of recent fires may claim tax deductible losses in most cases, according to Frank S. Schmidt, District Director of Internal Revenue.

An explanation of the rules covering Federal income tax treatment of losses suffered by property owners is available from the Internal Re-

Club climbs two peaks

The Alta Loma High School Hiking Club enjoyed a beautiful hike in the San Geronimo wilderness area. The November hike included two peaks near Dry Lake. The peaks were Grinnel, elevation 10,320 ft. and Lake Peak, elevation 10,156 ft.

Martin Balding, club advisor, stated: "The autumn colors, crisp streams, and blue sky made this hike one of our best."

In December, the club plans to hike to the top of Cucamonga Peak if the trail is free of ice.

Members attending the November hike included Ross Anderson, John Dumont, Wrae Ward, Shirley Wolfe, Annette Sprinkle, Ronnie Gill, Nick Gill, Mike Oviatt, and advisors, Martin Balding and Lowell Batcher.

CLIMBERS—Members of the hiking club of Alta Loma High School who recently participated in scaling two 10,000 foot peaks included: Back row left to right, Ross Anderson, Ron Gill, Shirley Wolfe, Annette Sprinkle, Mike Oviatt, Wrae Ward, and John Dumont. (left to right, front row) Tony Danna and Nick Gill.

Alta Loma Hockey tournament

Miss Mary Pollock, Alta Loma High School Girls' Physical Education Department Chairman, announced today that she has been successful in arranging for the Pacific Southwest Field Hockey Association Tournament to be held on the high school campus on Friday and Saturday, November 24 and 25.

Miss Pollock, who serves as the Girls and Womens Vice-President of C.A.H.P.E.R., southern section, further stated that the thirteen teams participating are made up of professional teachers, doctors, lawyers, and

college students who play field hockey for recreational fun. Teams will be coming from San Diego County (2), Orange County (1), San Francisco (3), Chico State (1), and Los Angeles (6). Miss Pollock is an active player on one of the Los Angeles teams.

Miss Kathy Bell, Girls Leaders' Club President, is in charge of handling all arrangements for programs and refreshments for the day. Kathy will be assisted in her chores by sixteen other Leaders' Club members.

Miss Pollock said, "Having this tournament in our area for the first time is a particular advantage to the seventy (70) girls who are now students in field hockey classes." Miss Pollock also stated that on December 9, there will be four high school teams participating in a Field Hockey Tournament in Los Angeles, which is sponsored by the Los Angeles Field Hockey Association. Games will be running continuously on three fields at the high school from 10 a.m. to 3 p.m. each day. The public is invited.

League Seeks Increases

"Progress toward Substantial Social Security Increases" will be the topic at a meeting of the California League of Senior Citizens on Tuesday Nov. 28, at 10:30 a.m. at James Crane's residence, 241 S. 2nd Ave. in Upland.

Those in attendance will hear about the all-out effort which Myrtle Williams, the league's chairman, is making to persuade Congress to require the state to pass on any new Social Security increases to Old Age Pensioners.

Governor Reagan vetoed a bill which would have allowed the Old Age Security recipients to receive new federal benefits without having the money deducted from their pension checks.

Members and friends of the California League of Senior Citizens at the meeting will hear a report on the League's efforts to gain back the services that were cut out of the State's Medi-Cal program which provides medical care for those who are unable to pay for it themselves.

Cal Tax says

Briggs most effective

Assemblyman John V. Briggs, R-35th District, serving in his first term as a legislator, has the distinction of being rated the most effective assemblyman during the 1967 legislative session by the California Taxpayers' Association.

In the lead article of Cal-Tax News, published and distributed by the statewide taxpayers' organization, Briggs was given an "effective rate" (23 bills introduced, 18 passed both houses and

were signed by Governor Reagan) of 78%.

Other Assemblymen, both Republican and Democrat, were rated by the taxpayers' group from 0% to the second highest, who was Harvey Johnson, D-El Monte, with 75%.

In pointing up the ratings of effectiveness of legislators, Cal-Tax News editorialized by saying that California legislatures of recent years have improved in their national reputation for qual-

ty and leadership.

"Often the image of lawmaker in Sacramento is different from the image in his home district," the publication noted. "The lawmakers have done an improved job in the past few years in reporting back to their constituents through newsletters and home appearances. The voters, in evaluating lawmakers however, have been limited to what opponents in an election say or what the lawmaker says about his own record."

Peace reigns on one labor front--phones

A new agreement was reached between General Telephone Company of California and the Communications Workers of America affecting 15,400 employees. The new agreement will be in effect from Nov. 5, 1967 to July 14, 1970, subject to ratification by the union membership within the next two weeks, said M. R. Houston, vice president - personnel, for the telephone company.

The agreement includes wage increases effective Nov. 5, 1967 and an additional wage increase effective on July 14, 1968. Approximately \$4,500,000 will be spent by the company in annual wage increases.

Other major settlements included: exclusion from the bargaining unit all hourly employees in the Personnel, Security and Treasury departments and the payroll section of the Accounting department;

expanded management's rights to permit employment and assignment of employees

who do not fully measure up to regular employment standards; understanding of interpretation between force alignment and management's right to transfer employees; a revised grievance procedure to establish a more clear-cut understanding of the grievance process; a revised credited service provision in order to clarify intent;

a revised and improved leave of absence plan to obtain better administrative procedure; the establishment of a responsible union-management relationship clause to foster and support conduct of both parties in a mature and responsible manner in our relationship with each other;

extension of the employees health expense plan with additional contributions by the company toward employee coverage; vacation improvements in the plan; meals, board and lodgings allowances and an improved sick benefit plan.

THEME MAESTRO -- Mrs. Patrick Cullen of San Bernardino and her citrus orchestra are tuned up to premiere her prize-winning "Symphony in Citrus" theme picked for 1968 National Orange Show in San Bernardino, March 7-17. She won \$100 in cash for her theme judges selected from a record 9,752 entries submitted during recently concluded annual contest conducted by citrus exposition.

Circle K installs officers at Chaffey

Officers of Circle K, the campus equivalent of Kiwanis, recently installed in ceremonies at Chaffey College.

Allan G. Smith, Lieutenant Governor elect of Kiwanis Division 15, conducted the installation. Howard Snider, mayor of Ontario, was guest speaker. His topic was "A Look at the West End's Fu-

ture."

Circle K's new president is James Kooyman, Alta Loma. Other officers are Alan Baker, Ontario, vice president; Harold Houck, Montclair, secretary; Paul Grimm, Ontario, treasurer; Gary Bohot, Montclair, sergeant at arms, and James Carlile, Fontana, public relations director.

'Symphony in Citrus' Orange show theme

"Symphony in Citrus" is the prize-winning theme picked for the fifty-third annual National Orange Show scheduled for San Bernardino, March 7-17.

The winning theme was submitted by Mrs. Patrick (Marge) Cullen of San Bernardino, a widow and the mother of three young children. She wins the \$100 top award offered by the citrus exposition's board of directors.

The recently concluded theme contest brought in an all-time record number of 9,752 entries from all over California and nearby states, according to exposition manager Bob McClure. A single admission credential will go, as a consolation prize, to all those who sent in official entries.

How did Mrs. Cullen pick her winning theme?

"To me, the words, 'Symphony in Citrus' have a euphonious swing and seem descriptive of the National Orange Show," she said. "Besides, I love music. My children and I enjoy singing together. This is the fifth year I have sent in theme entries -- which goes to show one should never give up."

Eleven others sent in the "Symphony in Citrus" theme but, as outlined in the rules, the top award went to Mrs. Cullen since hers was the first received. These will all receive a season admission credential to the coming National Orange Show as a special award.

Over 50 other entries submitted included the "symphony" and "citrus" combination of words, but the one selected was judged to

be the most appropriate and adaptable, according to Lloyd Yount, president of this year's exposition. The theme will be used in promoting the citrus show and also be followed in decorating the elaborate county and community citrus feature exhibits.

Both President Yount and Manager McClure expressed appreciation for the tremendously fine response to this season's theme contest and wish to thank all those who joined in the fun by submitting entries.

Let's talk about flying for a minute.

Hi. My name is Cliff Olsen.

If you're like me, (and you probably are) you've always wanted to learn how to fly. My chance came when I was twelve, believe it or not, and since then I've logged over 2,300 hours. I don't think I'd be happy doing anything else.

For some time now I've been a flight instructor at Cable Airport and have taught a lot of people a lot of flying.

You probably aren't aware of really what is available to you right there in your own backyard at Cable. It's the most complete, oldest flight training school in the Valley. We maintain over 20 completely equipped aircraft for you to learn in -- and rent inexpensively after you get your ticket. (How'd you like to take 4 of your neighbors to Las Vegas for \$79.00?) Our ground school is complete and the way we conduct it -- it's fun.

Anyway, I know the kick I've always gotten out of flying and thought that if you did have that lurking urge to try it yourself, you'd let me take you up for an hour. You might find that urge isn't lurking anymore!

I'll wait for your call (714) 624-9626.

(I'm not promising anything, but you've probably read about our new airline, Cable Commuter. We will be expanding in a lot of different directions and are going to need a lot of pilots. Our courses include: commercial, instrument, multi-engine and airline transport. Who knows? If you're really serious about flying we can instruct you all the way up to that right seat!)

VA APPROVAL GRANTED NOV. 1
